SIERRA MADRE, CALIF., THURSDAY, SEPT. 13, 1951

7 Cents a Copy

VOL. 45, NO. 44

TEACHING STAFF of Sierra Madre City School is caught in composed mood shortly before the beginning of the fall semester today. Superintendent Charles A. Skutt was expecting "an exceptionally heavy enrollment" of 724 students. The calm, rested appearance of these teachers was not expected to endure through the day, so the NEWS snapped the picture before school opened. In the background is portion of the new four-classroom building addition which will house approximately 120 first graders. Teachers (first row, left to right) are Mrs. Matilda Smith, Mrs. Ethel Beiter, Miss Matilda Wade, Mrs. Saline Pascoe, Mrs. Ruth Gardner, Mrs. Margaret Culbertson, Mrs. Ruth Sauter, Mrs. Nola Belle Ryerson, Mrs. Mary Foote, and Mrs. Hortense Wells, school nurse; (second row, left to right), Mrs. Phyllis Quinlan, Mrs. Dorothy Baird, Mrs. Boulah Wood, Mrs. Vivien Olson, Mrs. Thelma McElfresh, Miss Betty Newton, vice-principal, Mrs. Matilda Laughlin, Mrs. Gladys Smith (only partially visible), Mrs. Loraine Andrews, Miss Florence Newman, Mrs. Yelda Adams, Mrs. Jean Lumsdon; (third row, left to right), Joseph Moltane, president-elect of the Teachers Club, Elliott Ellenson, Ralph Pinney, James Bowman, Gilbert Van Vranken, Mrs. Louise Van Vranken, and Superintendent Skutt, peeping over head of Miss Newman.

## LEE SHIPPEY MAY RUN FOR CONGRESS

### FORMER MAYOR VISITS TOWN

J. Milton Steinberger, former mayor of Sierra Madre, is in town for two weeks and attended Tuesday night's meeting of the City Council.

The Steinbergers have settled "more or less permanently" in Phoenix, Arizona. Milt puts it this way:

"I wanted to stay in Florida, and mama (Mrs. Steinberger) wanted to move to Phoenix. So we compromised, we moved to Phoenix."

### Hugh Warden To Head Kiwanis Club

Hugh A. Warden was elected president of the Sierra Madre Kiwanis Club Tuesday for next year.

Mr. Warden, 139 W. Bonita, will succeed Charles A. Skutt as president when the new cabinet goes into office around the first of the year.

Elected vice-president Tuesday was Bill Bodley, who succeeds John Conzelman in that office. Art Morse was re-elected treasurer of the local service club.

President Skutt said the office of secretary is still to be filled.

New directors elected include Dr. Alan Burgess, Mr. Bodley, Henry Nelson, Dr. Frank Page, Dr. Milton Valois, and Philip Mitchell.

"Hold-over" directors on the board are David H. Allen, John Conzelman, and Roy Pickett.

### FRIENDS TRYING TO DRAFT COLORFUL NEWSPAPERMAN

Lee Shippey may run for Congress.

The colorful Sierra Madrean, author and newspaperman, has been asked by a committee of residents of La Canada, Altadena, Pasadena, and Sierra Madre to seek election in the newly-formed 21st Congressional District next year.

So far, Mr. Shippey has not said if he will run.

"I haven't made up my mind yet," he told the NEWS this week. "The issue still is very much 'up in the air.'"

The veteran columnist and lecturer said, however, that he "might run" if there was a "strong enough indication that I was the best possible candidate available."

Although a registered Democrat, Mr. Shippey emphasized one point. "If I do run for Congress, I'd want to be a candidate on both tickets."

"I'd want to seek office as an American, rather than as a party man," he said.

If Mr. Shippey ran and was elected, he would be the first resident of Sierra Madre ever to win a seat in the U.S. House of Representatives.

The popular Sierra Madrean was compared with the late Congressman John Steven McGroarty last week in the Los Angeles Independent Review. The newspaper stated that Mr. Shippey has the "McGroarty appeal" and can be elected.

Stuart Chevalier, a Democratic Party leader, suggested Mr. Shippey as the one who "would not only receive the overwhelming Democratic party support, but the votes of thousands of Independents and Republicans in the district."

### Mayor, Eaton Wage Minor Verbal Tiff

A mild verbal tiff highlighted an otherwise drab session of the City Council Tuesday night.

The flareup centered around several items on the council's agenda. Mayor William A. Kinney thought they were proper subjects for councilmanic attention. Councilman Noren Eaton thought they were not.

"I think it's an imposition on members of the council to hold us here until 10 or 11 o'clock on matters that require no council action," stormed Mr. Eaton.

He was referring specifically to a letter regarding radiological monitoring in civilian defense and addressed to John E. Conzelman, not a member of the council.

"You elected me Sierra Madre's civil defense director," retorted Mayor Kinney, "and I feel it is necessary to read the letter in public."

"But I'm only the mayor," he continued. "If we don't want to—"

### Around the Square

Whew! Who said nothing ever happens in Sierra Madre? Tell any of the local merchants that this week and they'll be glad to straighten you out.

VOICE FROM KERSTING COURT, Friday night, Sept. 6: "I been here 17 years and I ain't never seen this 'ere many folks shopping downtown."

It is reliably reported that Ralph (Pappy) Welch was able to dance downhill all right at Friday night's street dance, but had to walk back up again.

From Ralph Hurwit, local shoe magnate, comes this sage comment: "I was pleased with Dollar Days which were very successful. They were a revelation to all us businessmen who have been dead on our fannies too d— long."

Hank and Dolly Mann say they came to Sierra Madre to "take it easy" following Mr. Mann's long motion picture career. No one warned them of what could happen here.

It DID happen Friday night, and the Manns were caught short-handed. With their News Stand restaurant literally swamped with hungry shoppers and thirsty dancers, they became desperate.

So they "pressed into service" four of their personal guests from Hollywood. Wearing aprons and jerking sodas for the evening were an attorney and wife, and a manufacturer and his spouse.

The NEWS racked up two "first" with our Dollar Days edition of last week. With 16 pages and the second section in two colors, it was the largest issue we have ever published.

It also was the first time we have placed the NEWS in 5000 homes, with an average readership of 15,000 people.

We humbly accept much of the credit for making the three-day merchandising event a success.

It's happened already. Following numerous informal bets around the square on when the newly-paved streets would be ripped up again, the answer came Tuesday.

Yep, there already are sev—

## Make 'Pioneer Days' City-Wide, Lions Ask

The Sierra Madre Lions Club today proposed that a city-wide independent committee be formed to take over sponsorship of pioneer days.

In an "open letter" to the people of Sierra Madre, the Lions declared that Pioneer Days should become "a community project—operated jointly by all organizations and all citizens."

The Lions emphasized that they did not intend to "surrender" the annual celebration to anyone organization, but to a committee on which all local clubs, groups, and civic-minded citizens would have representation.

It would be a "completely-independent organization (which) would elect its own officers and lay out its own objectives governing future Pioneer Days."

The service club also suggested that since the pioneering theme is "somewhat limited" in scope, the committee could even decide on a new theme and name.

Lions phrasing the letter pointed out that it becomes more obvious each year that Pioneer Days is "too large a project for any one club."

A spokesman of the club said it was hoped that by making the event city-wide, Sierra Madre's Pioneer Days could grow to become one of the famous festivals of the Southland.

### HERE'S LIONS CLUB LETTER REGARDING PIONEER DAYS

TO THE PEOPLE:

We, as members of the Sierra Madre Lions Club, believe that Pioneer Days has come to the crossroads. Whether it will grow into a celebration of which our community can be proud or merely be a small carnival will depend on the people themselves.

We have been staging this event for the past four years and, each year, it becomes more obvious that it is too large a project for any one club.

In the past we have been very proud of our Pioneer Days Parades. But in view of the required man-power, increasing expenses and waning interest, we wonder if Sierra Madre really appreciated these parades.

It is now evident to us that Pioneer Days should be a community project—operated jointly by ALL organizations and ALL citizens. We believe that with sponsorship in the hands of all clubs, groups, and churches, Sierra Madre's Pioneer Days can become famous throughout the Southland.

Specifically, we propose that a Pioneer Days Committee be formed. This completely-independent organization would elect its own officers and lay out its own objectives governing future Pioneer Days. Since the "pioneering" theme is somewhat limited, this group could also decide on a new name.

Every organization in Sierra Madre should have representation on this committee but, at the same time, each one—including the Lions Club—should have only one vote.

We are planning a preliminary meeting for sometime early this fall, to which all Sierra Madreans will be invited. We sincerely trust that the people of Sierra Madre will stand behind this proposal and make the annual celebration something of which the city can be proud and one in which all persons can participate and enjoy.—Sierra Madre Lions Club.

### LOCAL BOYS IN JAPAN SCENES

Kodak pictures of local men with the Heavy Mortar Co., 40th Division in Japan are in the window of the Sierra Madre NEWS Office. They were loaned by Mrs. Ullman, wife of Capt. Sanford M. Ullman, and were taken at their base.

### Some Stores Stay Open Friday Night

Several of Sierra Madre's stores will remain open until 9 p.m. Friday evening for the convenience of shoppers.

Watch next week's NEWS for future Friday evening activities planned by local businessmen.

### 'Street Dance' Hailed as Huge Success

Sierra Madre's "street dance" Friday night was hailed as a "huge success" as several hundred shoppers watched the novelty acts and took part in the dancing.

Kersting Court was blocked off for the occasion, and merchants scattered 100 pounds of oat and corn meal to make the street surface more "danceable." An average of 30 couples kept dancing to the orchestra music throughout the late evening.

During the brief program at 9, Mayor William A. Kinney congratulated the merchants on Dollar Days and reminded

From Page Four

### FIRST MEETING SCHEDULED BY COORDINATING COUNCIL

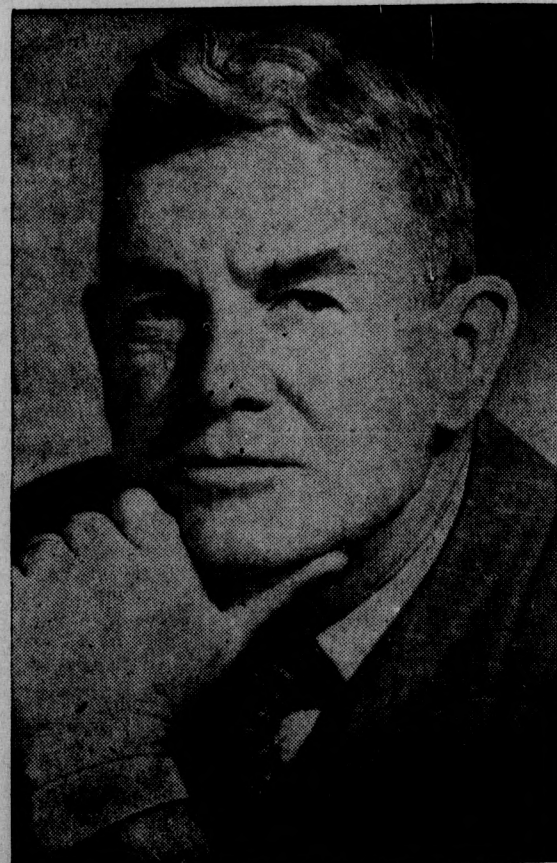

First general fall meeting of the Sierra Madre Community Coordinating Council will be held Tuesday, Sept. 18, 8 p.m. at the Congregational Church.

Mrs. Daniel L. D'Arcy, president, urges every organization in Sierra Madre—large or small—to send a representative to the meeting.

"Notices have been sent to all member groups of the

council," Mrs. D'Arcy said, "but some organized groups may have been missed due to error or to ignorance of their existence."

The president emphasized that all representatives should bring a calendar of events scheduled for their particular organizations.

LEE SHIPPEY  
... hat in ring?

### 'FLUSH DOWN' STREET DIRT, MAYOR ASKS

Warren Southwest Company, contractors for the downtown street repair project, was asked Tuesday to "flush down" the adjoining streets left dirty from the construction work.

Mayor William A. Kinney had proposed that Montecito and Highland, near Baldwin, be cleaned now that the street work there has been completed.

L. Frederick Pack, city engineer, pointed out, however, that contractors are supposed to leave an area in the "same condition" in which it was before their work.

Mayor Kinney also suggested that a "pleasant note" be sent the city of Pasadena asking that the Coronet Homes contractor clear up the dirt left on Michillinda.

### 'HERSEY SQUARE' PROPOSED AS NAME FOR PE TRIANGLE

Call it "Hersey Square."

That is the new name proposed this week for Sierra Madre's Kersting Court PE triangle.

A local resident, who asked that his name be withheld, suggested that the area be named after the late Col. Henry Blanchard Hersey, famed meteorologist, balloonist and a distinguished resident of Sierra Madre.

Colonel and Mrs. Hersey were active in local civic and social affairs before Mrs. Hersey passed away 10 years ago. The colonel died three years ago, in September of 1948.

Colonel Hersey had a full life, highlighted by many worthwhile achievements. He helped organize the famed Teddy Roosevelt "Rough Riders" during the Spanish-American War, and served in this regiment as a major.

At the outbreak of the Span-

ish-American War, Colonel Hersey was the adjutant general of New Mexico with headquarters at Santa Fe. He is reported to have wired the fabulous Teddy that "I can furnish a troop for your regiment."

According to the story, Teddy was said to have wired back: "Enlist them." But before the troop could be organized, Colonel Hersey wired again, "I can furnish a squadron (four troops)."

Roosevelt answered again, "Turn to page 4"

## Dollar Days Called 'Biggest, Best' Event

Sierra Madre merchants still were rubbing their aching joints today following the tumultuous Dollar Days selling spree last week.

All were agreed that the three-day event was the biggest and best merchandising effort Sierra Madre has ever had. Most of the local businessmen reported dramatic sales volume, and hundreds of shoppers expressed "complete approval" of the bargains offered.

Dollar Days were sponsored by the Sierra Madre Businessmen's Association, and more than 70 merchants and business people cooperated in the event.

Next breakfast meeting of the association, incidentally, will be held Wednesday, Sept. 19, 8 a.m., at the Woman's Clubhouse. President Harold Stein announced.

### SCOUTERS MEET

Sierra Madre's Boy Scout District Committee will meet Monday evening, Sept. 17, at the city parkhouse at 7:10 o'clock.

# THIS Week in television

Comes to you through the sponsorship of these friendly merchants: If you like this TV log let them know that you saw their advertisement in the Sierra Madre News.

EFFECTIVE SEPTEMBER 13 THROUGH SEPTEMBER 19

## Look... Hear, Now!

BY STUART AND JANE HEINEMANN

TV set owners who greet locally produced shows with the scornful comment: "I could think up a better show than THAT!" were invited this week to put their boasts to the test.

"If anyone has any ideas for a real solid inexpensive live show," one station executive said, "this would be the ideal time to step forward."

Hollywood, frankly, is in the doldrums. With one exception there has been no successful new show of any proportion to appear among the seven L.A. channels for nearly a year. Brightest new program on the horizon is KTLA's "Frosty Frolics," no earth-shaker but a good audience and sponsor getter.

Elsewhere? Nothing! KTTV stirred up a small ripple by bringing San Francisco's most popular live show—"The Dude Martin Show"—down to the Southland for a Wednesday night (8:30 p.m.) spot. The three network stations have adopted a "do nothing" attitude, which leaves local viewers gasping for entertainment until the bigger Eastern shows re-enter the logs. KFI-TV, which has been re-christened KHJ-TV, says it will "move cautiously" in the matter of new programming. This economic precaution is discouraging for TV fans. KLAS-TV, too, is planning "nothing expensive."

This opens the field wide for the would-be TV packager. A lack of success on the part of any local show in capturing the public fancy should make program directors receptive to outside ideas. After all, they've been trying for a year without getting any hits. Maybe it's time the amateurs tried.

KTLA has inaugurated a new Sunday religious show, "In God We Trust." Show emanates from a representative church of the three major groups of worship. 11 a. m.

Most interesting new face on afternoon TV screens is that of "Mamma" Weiss, best known as the cheese blitz queen of Southern California. On KHJ-TV all week long from 3:30 to 4:00 p. m., Mrs. Weiss will compete with Mike Rey (who has the lead), Grace Lawson, Chef Milani, etc., for video cookery honors. "Mamma's" cooking runs to the Hungarian side.

KTSL is getting into the home economics race with Mercedes Bates, a widely known kitchen economist with considerable show experience.

Despite all the competition, chef Roy on KLAS-TV appears to have the largest audience. His love for cooking is genuine. After sampling and eating all through his own show and having "seconds" after the program, Mike can be seen daily heading for an uptown Hollywood restaurant where he has a "real" lunch.

### WONDER WHY, DEPARTMENT—

Wonder why KTTV took "I Want To Get Married" off the air. It was corny, but oh so commercial, more of what the station needs in view of its more expensive shows still begging for sponsors. . . . Wonder why Stuart Hamblin, ex-king of local hill billies, doesn't get into TV. He's still one of the best spell-binders in the business. . . . Wonder why NBC-TV doesn't allow KNBH to develop some good local shows instead of depending on the network for everything.

KLAC-TV debuts two new ones soon: "The Thing's The Play," wherein a dramatic group take a single word from the audience and builds a sketch around it. And "What Would You Do?," another board-of-experts program. . . . KTTV offers a new musical, "Melody Time," featuring songstress Patti Beams, Hazel Quinn's Melodians and guest artists, Tuesday 8:00 p. m. . . . A new series of mystery dramas based on today's headlines and actual police files, "Crime With Father," screens Friday, 10:30 p. m. on KECA-TV. (Wonder if the "Life With Father" people will sue?) . . . "Search for Tomorrow," a new soap opera, is now on KTSL Mon. through Fri. 12:45 p. m.

### BEST SPORTS NEWS OF THE WEEK—

KLAC-TV will telecast the Pacific Southwest Tennis Championships this Saturday from 1 to 5 p. m. and Sunday from 1 to 7.

## 'CLINIC' WRITER PROBES FIRST PERSONALITY DEFECT

BY W. HENRY McMILLEN

The more we progress with our Clinic of Sierra Madre experiment, the more we become aware of its great potentiality for performing a useful and sorely needed service.

A breakdown of the factors which were suggested in my last article revealed a wealth of interesting facts, among which were indications, (1) that many of the problems contributive to unhappy living can be discerned by the same type of symptoms; (2) that basic causes are the same in many of the different types of problems; and (3) that elimination of a single, specified defect of character often results in a release from many other faults—faults of which we may be less concerned.

We have deemed it advisable, however, to follow through in our decision to avoid generality—to take each type of problem as a separate subject and discuss it thoroughly. The first personality fault we will consider is JEALOUSY, certainly one of the most prevalent

causes of unhappiness in the world.

I have my own personal definition of 'jealousy': A most extreme form of inferiority neurosis, a complete lack of confidence in one's own ability or attractiveness, and a trait that is usually found coupled with another form of inferiority, that of selfishness.

All inferiority neuroses are, of course, merely the outward signs of mental and spiritual immaturity, of infantile thinking.

In 'jealousy' we must realize that we are dealing with a very tricky problem, because it is so difficult to differentiate between 'real jealousy' and that which is only 'pretended jealousy.'

Many people honestly feel that a jealous attitude is expected of them, that their loved one will feel slighted unless they pretend they are jealous.

And, actually, there are people like that—people whose own peculiar form of neurosis will lead them to do and say things which they know will be a 'come on' for jealous reaction.

Under 'jealousy' as a whole, we may list six types or classes . . .

(A) People who are not jealous at all.

(B) People who pretend at being jealous.

(C) People who really are jealous.

(D) People who resent being the object of jealousy.

(E) People who simply ignore manifestations of jealousy.

(F) People who encourage exhibitions of jealousy.

Our next article will present a detailed analysis of some of these types—the reactions when combined with one of the other types—A-B, A-C, B-F, etc. So during the week, if there are any jealousy problems effecting your happiness, try to decide upon which classification fits you, then the type which applies to the 'other party,' and watch for an analysis of your problem in future articles of the Clinic of Sierra Madre.

Visit Maj. Reavis At Nashville

The H. C. Reavis of Sturtevant Drive arrived home Saturday from a month's trip to the South. They visited their son's family at Hubert, North Carolina, and also stayed a few days at Nashville, where Maj. H. C. Reavis, Jr. is stationed. It is surmised that they made the trip to get acquainted with their new grandson.

## START PROBE OF COMMUNIST FRONT GROUPS

SEEKING INFORMATION ON COMMUNIST FRONT organizations, State Senate committee on un-American activities begins hearings in San Francisco. From left: Richard Combs, counsel; Senators Nelson Dilworth, Clyde Watson, Nathan Coombs and Hugh M. Burns, Fresno, chairman. The secretary of the East Bay Council of Arts, Sciences and Professions was first witness. (International)

### Guild Announces First 'Brunch'

Fall program of the Sierra Madre Guild to the Children's Hospital will get underway Wednesday, Sept. 19, with a "brunch" at the home of Mrs. Robert Summers, president, 3521 Grayburn Road, Pasadena.

Members of the guild will assemble at 9:30 a.m. Plans will be discussed for the group's Doll Fair, scheduled for Nov. 17.

### REPORT ALL ANIMAL BITES

The extreme importance of immediately reporting animal bites to the nearest health department was emphasized today by Dr. Roy O. Gilbert, county health officer.

Dr. Gilbert added that any warm-blooded animal may be rabid, and that the State Department of Public Health has designated Los Angeles County as a "rabies endemic area." In such designated areas, it is a legal responsibility to report such bites, whether or not the animal is suspected of having rabies.

Certain cases, he said, have pointed up the importance of quick reporting. Last year a man, licked on the hand by his rabid dog, died of rabies.

### Plans Formed for Youth Fund Drive

Plans for Sierra Madre's 1951 Community Youth Fund Drive were formed Tuesday night, Sept. 11, at a meeting of the Kiwanis Club Youth Fund Committee.

The meeting was held at the home of Hugh Warden, 139 W. Bonita, committee chairman.

### Summer Vacation Over for Lutheran Sunday School

Rev. H. W. Schmidt of the First Lutheran Church reports that the Sunday School, after a summer vacation, will open next Sunday at 9:15 a.m. The church holds its services at the Woman's Club House, 270 W. Sierra Madre Blvd. There are classes for Primary and Junior students.

### 'Midnight Auto Supply' Visits Local Garage

Representatives of the "midnight auto supply company" paid a visit Thursday to C. J. Peterson, 612 W. Montecito.

Stolen from Mr. Peterson's 1940-model car were accessories valued at approximately \$40.

He said "strippers" walked off with chrome headlight rims, a spot light, mirror, cigarette lighter, flashlight, gas cap, and two ripple disc hub caps.

Police said an attempt was made to remove the chrome rings on the car tail lights, but they were broken. Mr. Peterson's car was parked in his open garage.

### Tests Show California Teachers Do Best Job

The superior standing of California high school students on nationwide tests indicates that California high school teachers and administrators are doing a better job of training and developing young people than are the teachers and administrators of any other part of the United States.

This statement was made today by President Robert G. Sproul of the University of California on the basis of scores achieved by high school students throughout the country on the General Educational Development tests of the American Council on Education.

These tests were given to 35,000 high school graduates, and California students averaged from 1 to 5 points higher than students from all other areas, and from the United States generally, at every level except the lowest third of the graduating classes; and even at that level no other area surpassed California, and only one, the middle Atlantic area, tied California.

### R. D. Burmeister Wins Promotion

Robert D. Burmeister, son of Mr. and Mrs. C. F. Burmeister, 274 W. Laurel, now with the 1500th Air Transport Wing Headquarters, last week was promoted to staff sergeant at Hickam Field, Hawaii.

Sergeant Burmeister will have been overseas four years next March and hopes to be sent home to the United States under the new rotation system sometime before the first of the year.

Lawrence B. Brain,  
City ClerkCLIPPER CLUB  
GOES SWIMMING

First regular meeting of the fall for members of the Clip-

per Club was held Monday evening at the Switzer home in Pasadena. Guests enjoyed swimming, games, and hamburgers.

## STREET DANCE

From Page One

the people present that they always are welcome at meetings of the City Council.

C. W. Jones, Sierra Madre's first mayor, remarked that when he was in office if the merchants could get 40 people downtown, "they thought they really had something."

"In those days," Mr. Jones related, "we had no walks, no paved streets—and we had dust all the time."

Entertaining novelty acts were presented by Ralph (Papay) Welch at 9 p.m. and during intermissions of the dance. Featured entertainers were the "Swing-Shifters," talented group of youngsters directed by Pat Serrapico.

Known for their performances at service camps and clubs throughout the Southern California area, the members each have had solo parts on TV and radio shows.

Among the "Swing-Shifters" are Candy Wilson, who sang "Too Young" to open the show; Maryann Griffo, pantomimist who brought cheers from the crowd when she pantomimed to "Ocianna Roll" and Betty Hutton's record, "Rumble, Rumble, Rumble;" Johnny Peck, who sang "Poincianna;" Priscilla Pilon, who presented her "Personality" song and dance routine; David Graeme, tenor, who offered his version of "Jezebel."

Pat Serrapico sang a number of his own, "Because of You," and Candy and Maryann teamed together for a duet number, "Shanghai."

Accompanist for all the "Swing-Shifters" numbers was Edythe Murphy. The piano, incidentally, was loaned for the occasion by the Foothill Community Jewish Center.

Parents To  
Hear Mabel  
Rice Tuesday

Parents of children under 12 living in the Sierra Madre area have been invited to hear Mabel Rice, California educator and authority on children's books, speak informally at the Community Nursery School, 701 E. Sierra Madre Boulevard, next Tuesday evening, Sept. 18, at 8 o'clock.

Miss Rice, director of the School of Education, Whittier College, is coming to Sierra Madre at the invitation of Mrs. Marjorie Green, nursery school director. Mrs. Green has emphasized that Miss Rice expects to speak on books for older children as well as those for children of nursery school age.

Included in the discussion will be books for parents to read aloud, books useful in stimulating interest in reading at school-age level, and hints on book selection for parents of children already doing home reading.

A display of publisher's samples of well-recommended children's books is being planned for Tuesday night's meeting by Mrs. Robert L. Walker, chairman of the nursery school committee on children's books.

## Legal Notices

CERTIFICATE OF BUSINESS  
Fictitious Firm Name

The Undersigned do hereby certify that they are conducting an eating and periodical business at 15 Kersting Court, City of Sierra Madre, County of Los Angeles, State of California, under the fictitious firm name of Sierra News Stand and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Mr. Hank Mann, 590 W. Sierra Madre Blvd., Sierra Madre; Mrs. Dolly Mann, 590 W. Sierra Madre Blvd., Sierra Madre. Witness their hands this 4th day of September 1951.

Dolly Mann  
Hank Mann  
State of California )  
County of Los Angeles )ss  
On This 4th day of September, A.D. 1951, before me, a Notary Public in and for said County and State, residing therein duly commissioned and sworn, personally appeared Hank Mann and Dolly Mann, doing business as the Sierra News Stand, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In Witness Whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

John L. FitzGerald  
Notary Public in and for said County and State.  
My commission expires April 19, 1955.  
Sept. 6-13-20-27, 1951.Chief To Aid  
In Survey  
Of Parking

Chief of Police Gordon G. McMillan was instructed Tuesday to work with the Southern California Automobile Club in finding out what type of a survey can be made on Sierra Madre's downtown parking problem.

Joseph E. Havenner, public safety manager of the auto club, had informed the City Council that his organization must know the "objective and scope" of any survey before agreeing to conduct it.

The auto club does provide these advisory services to cities on traffic and parking problems. Mr. Havenner stated in a letter. These services are provided without cost, he added.

He asked that a city official be designated to work with the club if the city wants to go ahead with a survey.

Councilman Noren Eaton suggested that Chief McMillan might also work with the parking committee of the Businessmen's Association.

The Hotel Sierra Madre's request for a 20-minute parking zone in front of the hotel patio was ordered continued on the agenda until the overall parking situation is studied.

"If 20-minute zones have value at one place, they may also be needed at other spots downtown," Mr. Eaton said.

## Henry Coit Dies; Rites Today at 2

Funeral services will be held today, 2 p.m., at Grant Chapel for Henry Wagner Coit, 60, who died Tuesday, Sept. 11, ending an illness of several months.

Mr. Coit, a familiar figure around Sierra Madre, resided here until six months ago when he and Mrs. Coit moved to 929 Walnut, Monrovia. For many years he was a salesman for the Monrovia Laundry.

A native of Chicago, Illinois, Mr. Coit came to Sierra Madre

in 1929. He was a member of Bethany Church.

Besides his wife, Mae Belle Coit, he is survived by two sons, Robert Dutton Coit of Sierra Madre, and John Henry Coit of Arcadia; two daughters, Mrs. Mary Osti of Sierra Madre and Mrs. Ruth Mae Horning of Duarte; and eight grandchildren.

The Rev. Don B. Rood will officiate at the services this afternoon. Interment will follow at Forest Lawn Cemetery.

The Henry Gregors of 195 San Gabriel Court announce the birth of daughter whom they have named Gwen. There is a son Gordon, eight, and daughter, Marilyn, six, in the family.

Mrs. Merle Swanson recently completing the Nurse's Training at the Queen of the Angels Hospital in Los Angeles, started in her profession at the Sawtelle Veteran Hospital, Santa Monica, Monday, Mrs. Swanson is the former Dolores Colligan, daughter of Mrs. Rebecca Colligan of this city.

## CONTRACT HELD

From page one

through to Mountain Trail on Sierra Madre boulevard, go north to the PE property at Highland, then turn around and go out of town the same way.

By not using Baldwin anymore, the proposed bus shelter entrance for the triangle would become obsolete, the chief pointed out.

Mr. Pack was asked to check also on this aspect with Mr. Hahn, and the council withheld action on Pacific Electric's re-routing request.

The city has agreed to install the retaining walls and walkways for the triangle. Low bidder on the original specifications Tuesday was C. B. Royse Construction Company with a bid of \$2846.

## MAYOR, EATON

From Page One  
it, then we won't read it. I'd prefer a motion, though, one way or another."

At this point, Councilman Lawrence Washburn moved that the letter be read. His motion died for want of a second.

"The council is now on record that it doesn't want this letter on civil defense read," Mr. Kinney stated grimly.

Mr. Eaton then said that "so far as the letter from the County Road Department is concerned, in which they state that they are too busy to paint traffic markers on our streets at present, I'd like to say that it is available to the public at any time, in the city clerk's office."

"Thank you very much," Mayor Kinney commented coldly.

## AROUND THE SQUARE

From Page One

eral holes dug in the new strip on North Baldwin. We guess they are necessary, though. A street must have manhole openings, you know.

## Vows Recited Last Friday Before Judge John C. Mead

A romance of seven years culminated at the altar last Friday for Miss Emma Weiss of this city and Albert Krakow of Pasadena. The vows were made before Judge John C. Mead at the Hall of Justice.

The bride wore a cornflower blue silk dress with contrasting black velvet accessories for the ceremony at high noon. Her corsage was white roses. She was attended by her sister, Mrs. William Annes of Sierra Madre and Miss Maria Spohr of Flintridge. The bride is the daughter of the late Mr. and Mrs. Frederick Weiss who came to Sierra Madre from Germany.

Mr. Krakow also of Germany met his bride at the home of his noted explorer friend, the late Col. Henry B. Hersey of East Laurel. Mrs. Krakow, a graduate of the Chicago Nursing School, cared for Col. Hersey.

Mr. Krakow has real estate holdings in Garfield, N. J., where he promoted and developed the Tropical Terrace.

The wedding trip will include Hawaii and Europe and their future home will be in Pasadena.

## Mrs. Reddish Dies at Home

Mrs. Mary Eliza Reddish, 533 W. Montecito, a resident of Sierra Madre 27 years, died at her home Saturday, Sept. 8, following a lengthy illness.

Mrs. Reddish, a native of Nemaha County, Nebraska, had lived in California since 1919 and in Sierra Madre since 1924.

She is survived by a daughter, Mrs. Edith Reddish Anderson of Sierra Madre; two sons, Robert Owen Reddish and Howard Earl Reddish, both of Alliance, Nebraska; and five grandchildren.

Funeral services and interment will be at Alliance, Grant Chapel was in charge of arrangements. Mrs. Anderson went east for the funeral.

## Lutheran Aid Meets At Sautter Home

Mrs. Emma Sautter of 118 W. Grandview will be the hostess for the coming evening meeting, Sept. 13, tonight for the Mission Aid of the First Lutheran Church.

The Rev. Ferber will speak on Institutional Welfare Work. The Dorcas Circle of the Aid will meet the following Wednesday afternoon.

## Soldier Competes In Divisional Track Tourney

A Sierra Madre soldier, a member of the 40th Infantry Division training in Japan, recently competed in the division track and field championships at Camp Youngmans, near Yamataga.

The former national guardsman, Cpl. Rudolph Dominguez, 94 W. Sierra Madre boulevard, ran in the 120-yard low hurdles event, won finally by SFC Elias Castaneda of Whittier.

## ART STUDY PROGRAM ON LOCAL CLUB CALENDAR

Mrs. Helen Narozny, art chairman of the Sierra Madre Woman's Club, says she is arranging to have at least two programs during the year devoted to art talks and exhibits.

Postmaster Eddie Robertson tells a good one concerning John FitzGerald, local attorney. If you doubt the story, question Eddie, not us.

It seems that Mr. FitzGerald was seen huffing and puffing around the business area one day last week. When the local postmaster approached his old friend and asked him what was wrong, the attorney explained: "Well, I saw a yellow truck going up Baldwin with water pouring out the rear end. I ran up the hill and told the driver that something was wrong and he was losing all his load."

Uh—we realize, Mr. FitzGerald, that it has been a long time since water wagons were used regularly on dusty streets.

It pays to know your skunks, young Michael Dewey learned this week. Mike, who owns several of the "de-scented" variety, was called next door to claim one, which had killed two chickens and was sulking in a trap, awaiting liberation. Although Mike approached confidently, he soon sensed his mistake—and we do mean "sense."

After washing his hands, Mike asked if that would be enough of a "decontamination treatment." Dottie Underwood, who is baby-sitting at the Dewey home this week, assured him (sniff, sniff) that it was not.

## A really FAST way to cook...

of course—  
it's electric!

That old saw about a watched pot is another thing which has been out-dated by modern electric ranges. Of course, you don't have to watch anything cooking on an electric range—but it's cooking fast, you may be sure.

Electric heat is fast heat. It springs into action as soon as you flick the switch, climbs to the right temperature at once, stays right there until the food is thoroughly cooked. It saves time—and that's mighty important on an everyday job like cooking.

It isn't a matter of setting speed records—it's just convenient and efficient to get your cooking done that way. You can do it, too—see your electrical appliance dealer.

**Adventure Writer's 1st Editions Shown**

James Fenimore Cooper, author of "The Last of the Mohicans," "The Spy," "The Deerslayer," and 30 other American novels, is being honored this month at the Huntington Library—a hundred years after his death on Sept. 14, 1851.

Of the 33 novels Cooper wrote, the Huntington Library has first editions of all but one. Many of these are now exhibited along with manuscripts of certain of the great adventure writer's works, including his "Sea Tale" and "Ned Myers."

The present exhibit will remain on view during the month of September. Exhibitions at the library will close for the annual renovations in October.

## POLICE BLOTTER

A cop's job can be heart-touching when he is called to witness an old friend who is having delusions.

It was quite distressing to come home to find the floors of the living room, bath, and kitchen covered with water from a hose which had been stuck into the mail box, located inside the house. No doubt the act of a small person, the likes of which none of the neighbors was able to see.

A radio so loud that neighbors could not hear their own. Attempt burglary, burning out of hours and barking dogs.

"De-Skunking" skunks in the vicinity of people is bound to raise objections and did. A mixture of ether and the essence of skunk is not entirely an odor to adore. Perhaps abhor.

When the horse fell, Alice McGlaulin fell with it. She received numerous abrasions about the face.

Four young fellows had a fine idea when they arranged to sell lemonade at the corner. The intervals between sales were too long. An old car nearby still had a windshield and side windows. A milk bottle made an awful crash when it hit a window. Rocks were then tried and found to be just as effective, the result being all windows on the north-side broken to bits. Parents were notified and adjustments are to be made. Some of these adjustments may be on a touchy spot.

Robert and "Stuffy" turned corners that landed them too far from home. Only 5 and 3, their mamma was glad to see them.

The BB air rifle continues to be a source of complaint. Parents MUST realize that almost daily, there are reports of children or persons having been shot in the eye by a stray BB shot. An eye gone is an eye gone for a dog-gone long time, forever.

Just because he thought a punch on the face to another would remedy matters, he was surprised to learn that the other guy filed a complaint for assault. "Was a pretty expensive slap at \$50.00 per.

"Loud party." Several auto accidents have occurred. Family trouble had reached a stage where the wife's dress was torn from her. After some consideration, she decided not to file an assault complaint. Remember fellows, it is an offense to beat your wife.

She took the children with her into the yard to do some work. Barbara, age 13 months, must have gotten too warm, or at least she was too wet. Anyway, the tot dropped off her clothes. Brother Johnnie, age three, thought this a good idea. He also dropped his. Everything was going fine until someone passed in a car and through the trees saw this nude exhibition. The police were called and on arrival found the story to be true. Mother ran for clothes immediately and the show was over.

A young deer (buck) is killed by a car along E. Grandview. An attempt suicide is reported.

The noise was that a fight in another room. Sounded like hubby struggling with another person. The cops were there on the jump and found that hubby was battling with one of the rats which seem to have invaded the country of late. A fourlegged rat, that is.

Prowlers, dogs barking, noisy radios, dust complaints and what not fill the log.

## SWIMS CHANNEL SECOND TIME

LANDING AT SANGATTE on French coast 16 hours 10 minutes after starting from Dover, England, Florence Chadwick, San Diego, Cal., becomes first woman to swim English channel in both directions. She is getting pointers from Golfer Sam Snead while training for new assault on the famous water barrier. (International)

**Think You're Overcharged? Contact OPS**

If you suspect you are being overcharged for merchandise or personal service, it may be to your advantage to check with the Office of Price Stabilization. Such is the advice of James E. Harrington, district director of enforcement for the OPS.

"Every day some member of my staff encounters a violation of price regulations in the course of making his own family purchases," Harrington declared, "so I am certain if it happens to us, it must be happening to countless others."

Harrington gave some significant signs to watch for.

"If you find there has been a sudden advance in the price of a service or commodity you have been buying for a year or more, the probabilities are that the seller is in violation of price regulations."

**Registration Due At Art Center**

Registration dates for classes at the Pasadena Art Center, 1128 Fair Oaks avenue, South Pasadena, are Sept. 24-27, from 10 to 12 a. m.

Among the courses offered are painting, sculpture, life drawing, basic design-lettering costume construction, fashion design, and ceramic classes for children, teenagers and adults.

Two Sierra Madre artists are included on the faculty of the art center, Kenneth Nack and Robert Ellis.

**Gen. Robertson Will Discuss Warden Service**

The warden service, core of California's Civil Defense program, will be discussed during the week of Oct. 1 by Maj. Gen. Walter M. Robertson, state CD director, on the weekly state-wide broadcast presented from his Sacramento headquarters.

General Robertson said he will stress that women, as well as men, can make an important contribution to civil defense in the warden service.

"Women can serve most effectively as wardens for the reason that in many instances they know their neighbors better than the men do," he said. "Then, too, they are more often home day and night."

Sierra Madre's wardens—headed by Frank Spencer—and the entire local CD council have been asked to listen to General Robertson's broadcast.

**Women's Chapter To Dance Sunday**

Women's Chapter of the San Gabriel Valley B'nai B'rith will have its annual dinner dance next Sunday evening, Sept. 16, beginning at 7 o'clock.

The affair will be held at Vivian Laird's restaurant

## CIVIL DEFENSE CHIEF GETS ASSIGNMENT OF MISSIONS

Sierra Madre has had its job cut out for it in the major campaign now under way to prepare for a possible A-bomb attack in this area.

An assignment of missions has been received here from Ernest S. Dixon, regional coordinator for the State Office of Civil Defense, and now is in the process of being organized by Mayor Wm. Kinney, local director of Civil Defense.

Sierra Madre is being called upon to recruit and train 169 auxiliary firemen, 30 auxiliary policemen, and one radiological team. It is being asked to organize and assign two mass care center teams, one mobile shelter team, one mobile feeding team, one mobile clothing team and six registration teams.

Sierra Madre's medical and health services assignment is the establishment of one first aid station.

This city also is charged with the task of furnishing shelter for 2000 persons, food for 3000, clothing for 200, registration for 6000, and emergency aid and services for 1000.

"The requirements of personnel and facilities to combat the effects of an atomic strike in Region 9 Los Angeles and Orange Counties) will be beyond the capabilities of any single political jurisdiction," Dixon declared in transmitting the assignments.

"Each jurisdiction must, therefore, accept the responsibility of furnishing support to a strike area so as to assure essential military production for our armed services."

**JUDGE CANCELS COURT SESSION**

Sierra Madre's weekly session of city court was called off Saturday.

John C. Mead, presiding judge, canceled the session to attend the convention in San Diego of the American Legion.

**Griffith Planetarium Presents New Show**

Griffith Park's new September planetarium feature, "The Seasons," marks the return of the planetarium to its regular schedule of a new show each month, the Los Angeles City Recreation and Park Department reported yesterday.

According to Dr. Dinsmore Alter, observatory director, the planetarium programs will be offered Wednesdays through Sundays at 8:30 p.m. On Saturday and Sunday afternoons, there will be matinee performances at 3 p.m., with an extra matinee on Sundays at 4:15 p.m.

Through the medium of the giant Zeiss planetarium instrument, the observatory can reproduce the skies as they appear at any time in the past, present or future, from any location.

Like to be  
**Sitting Pretty?**

You don't have to be "in the chips" to be sitting pretty these days. Chair Car seats on S.P.'s great new trains offer the best sitting there is, at the lowest rates around. You recline in luxurious ease, while the engineer drives you. (On long trips, leg rests provide a chaise-longue effect.)

Chair Cars on Southern Pacific's modern streamliners have been built with your comfort the first consideration. Dust-free, draft-free air-conditioning. No-glare fluorescent lighting. Soft-as-a-cloud foam-rubber seats. Lots of leg room and move-around room. Extra large windows. Feather-touch doors. Spacious washrooms.

That's why Chair Cars on S. P. streamliners are the most luxurious form of all low-cost transportation.

## NEW IDEA AT BRUIN GRID CAMP

**GETTING SET FOR GAME** Sept. 21 with Texas A & M, Don Moormaw (left) and John Smith of UCLA Bruins find tackling dummy more fun when they aim at All-American Bob Smith, sparkplug of opponents. Game will be played in Los Angeles. (International)

## HERSEY SQUARE

From page one  
"Enlist them."  
But it happened again. Before the squadron could be recruited, Col. Hersey sent still another cable. "I now have enough for a second squadron."

"Enlist them," was the reply from T.R.  
Colonel Hersey, therefore, is given credit for recruiting two-thirds of the men for Roosevelt's "Rough Riders."  
The two men had become fast friends when Hersey was serving in the Dakota Territory in the early 1880's, shortly after he was graduated from Norwich University in his native Vermont. This friendship lasted throughout the life of President Roosevelt.

After the war, Colonel Hersey went on two polar expeditions as executive officer. He was just returning from one trip in 1906 when the James Graham Bennett Cup Free Balloon Races were getting ready to start in Paris. The colonel arrived just in time to compete in this race—and won it.

According to observers, it was Colonel Hersey's meteorological background—the understanding of prevailing and ultimate winds—plus his method of dropping the balloon's ballast sand which assured his victory.

Following this feat, Colonel Hersey was placed in charge of the balloon school at Fort Omaha, Nebraska, where he served until the United States' entry in World War I. He served with distinction in France during this conflict in command of all captive balloons used for observation.

When the Armistice was signed, the officer returned to the United States to begin work with the U.S. Weather Bureau. At one time, he was in charge of everything east of the Mississippi, and at another time he was director for the entire area west of the Mississippi.

A few years before retiring and moving to Sierra Madre, Colonel Hersey was placed in charge of the Los Angeles weather bureau.

He and Mrs. Hersey built a Spanish-type home above the

Wisteria Vine, 575 N. Hermosa, where they resided until his wife's death. He was living at 135 E. Laurel when he died.

Colonel Hersey took an active interest in the Boy Scout movement in Sierra Madre and helped keep it alive during its early years.

Colonel Edwards also recently was awarded the Silver Star medal for his leadership in capturing an enemy-held pass, the Bronze Star for his role in the Inchon landing, and a Commendation Ribbon with Metal Pendant for "meritorious achievement" in developing methods of illumination for front-line troops.

### Billy Graham's 'Crusade' Film Here Sunday

The Rev. Don B. Rood, pastor of Bethany Church, announces the presentation of Evangelist Billy Graham's color-sound film, "Mid-Century Crusade," for this Sunday evening's 7:30 service.

The film, a release of the Great Commission Films of Hollywood, features George Beverly Shea, one of America's most-loved gospel singers, Cliff Barrows, Grady Wilson, Tedd Smith, Paul Mickelson, and is highlighted by a message from Billy Graham.

An added feature of the Sunday evening service will be the marimba and vocal selections presented by Clarence Twigg, Jr., a student at Fuller Theological Seminary in Pasadena and a resident of Sierra Madre.

Mr. Rood will speak at the 11 a.m. worship hour on the subject, "Paul's Greatest Ambition."

## BE SURE REAR LIGHTS BURN

When driving at night be sure those rear lights are burning, advises the National Automobile Club. Blinded by glare of oncoming headlights, drivers find it difficult to see a car ahead unless the warning red lights are burning brightly.

Civic Club  
First Meet  
Tonight

Mrs. James Bryce Tyler, president of the Sierra Madre Civic Club, has announced the first meeting of the new year will be at the Park House this evening at eight o'clock.

The club has made new drapes for the House and the by-laws will be discussed in readiness for the affiliation with the Federated Women's Clubs of California in October.

The annual rush breakfast with Mrs. Noel McGarvin chairman will be held at the Sierra Madre Hotel October 4.

Campfire Girls  
To Attend Fair

Saturday, Sept. 15, is "Campfire Girls' Day" at the Los Angeles County Fair in Pomona.

Girls wearing uniforms and having their campfire ID cards will be admitted to the fair free, except for tax, of course.

Mrs. William B. Wilcox, publicity director of Sierra Madre's Campfire Girls, said she hoped a "sizeable group" of local girls will attend.

THE OPEN DOOR TO  
HEALTH

In Detroit recently a prominent industrialist who serves on the boards of 57 different corporations spoke about his experience with chiropractic. He stated that twenty-one years ago he was given only a few months to live by outstanding medical men. Chiropractic care of his case was instituted. Blessed with good health thereafter, he has built up his vast industrial empire. He employs 5 chiropractors on a full time basis in order that all of his thousands of employees may have equal opportunity for either chiropractic or medical care. He has a fully equipped chiropractic office in his residence and declares that everything he enjoys today he owes to chiropractic.

One of the nation's most outstanding scientific figures who is a leader in the national association of Basic Science Examining Boards, which gives examinations to all aspiring doctors in all professions in most states, declared a few days ago that he owes his lifetime of exceptional good health to the fact that he has chiropractic treatments regularly.

A famous retired football coach of the University of Southern California stated in a recent interview that he has enjoyed the services of over one hundred chiropractors during his lifetime. He considers regular chiropractic care as essential for the optimum enjoyment of life and good health.

Have you stopped to consider that chiropractic care BELONGS IN YOUR program of daily living?

Teenagers Dance  
Tomorrow Night

Teenage members and friends of Los Jovenes Club will dance tomorrow evening,

Sept. 14, from 8 to 11 at the City School cafeteria.

According to Miss Margaret Rolfs, club director, officers for the newly-organized group probably will be elected during the evening.

**Dry our clothes outdoors?**  
**Not since I got my new automatic Gas clothes dryer!**

MY LAUNDRY IS ALWAYS SPOTLESS, FLUFFY,  
SWEET-SMELLING... AND DONE SO QUICKLY

Wind, smog and sun were hard on my clothes. And lugging heavy baskets, hanging up and taking down clothes were hard on me. Now I toss wet clothes into my dryer as easily as tossing them into a hamper. Any time, too—day or night, rain or shine. In a matter of minutes, my laundry is ready to take out because gas dries clothes faster than nature, faster than other methods. My towels, for example, are so soft, fluffy and wrinkle-free, I merely fold and put them away.

If you're tired of old-fashioned clothes-drying drudgery, see a gas-drying demonstration today at any dealer with the automatic gas clothes dryer display. Learn how little it costs to operate an automatic gas clothes dryer—only 2¢ to 3¢ per dryer-full. Learn how low the installed price is, too—lower than for other automatic clothes dryers.

**AUTOMATIC GAS CLOTHES DRYER ILLUSTRATED HERE IS BENDIX**  
Other leading makes include Apex, Hamilton, Kenmore, Temco and Whirlpool

**"My towels dry in minutes"**  
says MRS. H. CLAIRE WILLS  
Santa Barbara, California  
"Because we live at the beach and do lots of swimming, I always used to have a line full of wet towels. Now, with my automatic gas clothes dryer, I can wash towels, then dry them in a few minutes. That means less work, and our place looks so much neater!"

**YOUR HOME LAUNDRY ISN'T COMPLETE WITHOUT GAS CLOTHES DRYING**

**SOUTHERN COUNTIES GAS COMPANY**
